Old Business:

The budget committee brought back a consensus to keep the budget as is. We were within \$1500.00 on a budget over 70K. We will continue to look at the State Championship and the monies spent on it. We feel that it pays for itself, if the expenses associated with it are closely monitored.

New Business:

We are looking into a possible infringement on our logo. The membership voted to send a token of our appreciation to one of members who has fallen ill. Arnie Korenblum. More info can be obtained from Green Water Wizards bass club. The TBF National Department has mailed out club info packages to all clubs. Included are membership cards, and TBF discounts with sponsors for our use. Information on the College Bass Championship program and fantasy fishing game.
