State Team; Next benefit tournament is Sept. 2nd Saturday out of Ames Farm on Winnepesaukee.

Old Business; The scales will be working perfectly before the fish-offs. One is being repaired and we have one new one. Peter could not get in contact with the peoples who sell the scales and have the model we are interested in. He will work on it for next meeting.

A motion was brought up to spend part of the money we collected from the Skeeter boat on TBF/FLW patches. One for each member of Federation. Defeated 25-3.

The ramp fee for the fish-offs of \$15.00/day is included in the Entry Fee.

New Business; Club tournaments for next year are due next meeting. You can send them to Peter MacLellan starting tonight. Forms for the club tournaments are available on-line under the Club Info page.

Peter MacLellan has a copy of the Federations Insurance thru the TBFInc. His fax at work is 781-891-7980. Any event your club has should be listed in your club Minutes and copies of permits should be kept. This helps the insurance company by keeping a paper trail and makes it easier to litigate if the need arises.

All clubs need to get their members T-shirt sizes to Peter MacLellan. Each club member is going to get a TBF sponsored t-shirt.

All clubs must bring back their club vote for next year's fish-offs to next months Federation Director's Meeting. Decide on either the Hudson River or Lake Champlain. Those are your only choices.

Also, nominations are due for Officers. Club nominations can be accepted at next Director's meeting. Already nominated are: Peter MacLellan - President. Robert Perkins - Treasurer. Mike Tamburello - Vice President / Tournament Director. Youth Co-Directors - Jim Barry and Bob Campbell. Secretary - Pete de Moya and Brian King. There are currently no nominee's for Conservation Co-Director's.

Adjourned at 9:05pm.
